*The finalists in the prestigious [BETT \( British Educational Training and Technology \) awards](#) have been announced for 2014 and we are pleased to say that the QAMA calculator has been successful in becoming a finalist in the Digital Device category.*

*The BETT awards are held each January in London UK, and support the [BETT Show](#), possibly the largest educational technology show in the world with over 700 exhibitors.*

#### [Bett Show 2014 - The learning technology event](#)

[www.bettshow.com/](http://www.bettshow.com/)

**Bett is the worlds leading learning** technology event taking place at Excel London from the 22nd - 25th of January, 2014.

*A rigorous judging process ensures that only the best companies and products get onto the list of finalists and eventually winners. For such a new product as QAMA to become a finalist is a real accolade.*

# bett awards 2014

22 JANUARY 2014

The [finalists](#) for the Bett Awards 2014 have been announced. We have been overwhelmed by the quantity of entries which is over 30% up on last year, and the quality which has been exceptional this year. The [judges](#) have now started the difficult task of selecting the winners.

The winners will be announced at a prestigious ceremony hosted by [Jo Brand](#) at the Brewery in London on 22nd January 2014.

[Book your table](#) at a reduced rate by registering before the end of November.

The BETT Awards are a celebration of the inspiring creativity and innovation that can be found throughout technology for education. The awards form an integral part of [BETT](#) each year, [the world's leading showcase of education technology solutions](#). The winners are seen to have excelled in ICT provision and support for nurseries, schools, colleges and special schools alike with a clear focus on what works in the classroom. Each year, the awards endeavour to recognise, reward and promote this excellence.
